

# Lowell Metropolitan Police Commission

## Chief's Report

---

**February 27th, 2024**

**Hiring Process:** We have completed the majority of the background investigations and are down to 8 applicants. The officer panel interviews are scheduled for early March so we will be ready for the commission interviews by the date of the next commission meeting.

**Vehicle Update:** 2 of the 3 new vehicles are being upfitted and we hope they are completed within the next month.

**Range Update:** We have a clearer idea of what the budget may be for the project and we will be meeting again with the architect firm to further the plans.
