

Lowell Metropolitan Police Commission

Chief's Report

February 26th, 2026

Hiring Process: The physical assessment and written test will take place at the end of this weekend. We still would like to have the applicants here for the commission interview at the March meeting.

Vehicle Update: The Explorer is at the upfitter waiting on parts. The second vehicle, a Ford Maverick, is at the upfitter and will hopefully be completed within the month.

Promotional Process: We have met with the company that will administer the written test for the process. We hope to have them before you for the oral interview prior to the April meeting.
